What can the minor injury unit treat?

For adults and children, our experienced and qualified nurses are able to:

- ✓ Stitch and close wounds
- ✓ Remove splinters
- ✓ Remove foreign bodies from ears, noses etc
- ✓ Dress minor wounds, cuts and grazes
- ✓ Apply plaster of paris to broken limbs
- ✓ X-ray arms and legs (from 2 years old)

We can also treat the following:

- ✓ Sprains and strains
- ✓ Broken bones to arms, lower leg and feet
- ✓ Wound infections
- ✓ Minor burns
- ✓ Minor head injuries
- ✓ Insect and animal bites
- ✓ Minor eye injuries
- ✓ Minor injuries to back, shoulder and chest

What can't the minor injury unit treat?

Please **do not** attend if you are experiencing any of the following:

- ✗ Chest pain
- ✗ Breathing difficulties
- ✗ Major injuries
- ✗ Severe stomach pains
- ✗ Pregnancy related conditions/problems
- ✗ Severe allergic reactions
- ✗ Overdoses
- ✗ Alcohol related problems
- ✗ Conditions likely to require hospital admission
